

Running for President Are—

SON of a former Shaker athletic coach, tall, broad-shouldered JERRY ENSIGN has played football here for two years, is now out for track, likes golf. During the past year he has been Student Council secretary, Honor Court judge, booster captain, honor study hall adviser, and Open Forum Club vice president; he has been president of both his junior high and elementary school. Oft cursed geometry is his easiest—he has no favorite subject; either a medical or engineering course at Cornell is his goal, and Hal Kemp, his favorite dance band. He promises if elected to carry on the high ideals set by Haskell Torrence.

SIMILING, modest, always with some job to perform—he can't say no—somewhat girl shy, FRANKLIN MORSE had not at first considered making the race, but was urged by friends to do so. As his campaign pledge he says, "Under the program I outlined Wednesday, I'll try my best to bring back the old-time Shaker Spirit." He is interested in all forms of journalism especially cartooning (among his many other activities, he now draws the Shakerite cartoons), plans to go to the University of Chicago and the Chicago Art School. He claims that his favorite band is that of Johnny Anson (Morse is junior class proxy—Anson is to play at the Junior Prom).

IN his younger days genial BENNETT GAST had aspirations to every career from garbage collector to fireman. Since then he has decided he would rather be a businessman, and more immediately president of this school. Booster captain, assistant to an Honor Study-hall Adviser, Rifle Club member, football and track are among the activities he has entered here. Among his outside activities have been working in a summer camp and delivering a Press route. Some of his favorites along various lines are horseback riding, Lux Theater, and all news broadcasts. "If elected," he says, "I will do my best."

For Vice President—

HAVING been president of the Junior High in the past, and being a Councilman, Booster captain, and Central Committee member at present, FLEMING BLAIR is uncertain of the future, but thinks maybe he'll be an engineer, and wants to go east to college. He is

a member of the new curriculum group, is active in Hi-Y work, likes to "fuss around" with radios, and calls fried chicken his favorite food.

BOB ROBERTS likes English, dislikes algebra, wants to be a lawyer, enjoys Hal Kemp's music, and calls basketball great sport. He has been on the Student Council ever since he entered high school, was out for basketball, has belonged to the Driving and Open Forums Clubs, takes part in intra-

mural sports, and is a booster at his former school in Grosse Point, Michigan, he was freshman president and a member of the basketball team.

HIS six foot, three and a half inches of height are not JOHN KRUM'S only claim to fame. For two and a half years he has been on the Student Council, is president of his class, a member of the Honor Court and Central Committee; was formerly a library page and vice president of the Library

Club. He wants to go to Amherst, then enter business; likes languages most, mathematics least; considers Count Basie's band the best there is.

For Secretary—

BILL PORTER—black hair—brown eyes—medium height—was 9A proxy—on swimming team—likes Errol Flynn—and Donald Duck—plays clarinet in engineering at Case—is photography a dance band—wants to study engi-

nfiend.

BRUCE FIELDING—short—blond—blue eyes—likes to listen to hot records—good dancer—girls think he's cute—quiet but dependable type—active on the Council Club committee—out for track—sophomore football manager.

* * *

NEIL SAWDEY—well dressed—athletic—favorite sport, baseball—likes to work—good speaker—excellent grades—marked by aggressiveness, versatility, dependability—P. A. technician—without onions.

THE SHAKERITE

SHAKER HEIGHTS HIGH SCHOOL, SHAKER HEIGHTS, OHIO

April 21, 1939

TO GIVE 'BO'SON'S BRIDE'

Choir to Offer Annual Operetta Next Weekend

With an Alan Miller-Marion Boyd combination playing the leads Friday night, and Warren Gressle and Carol Garden, Saturday, the A Cappella Choir will offer "The Bo'son's Bride" as its annual operetta, next week-end. As in former years receipts will go to the Miriam Kerush Stage Scholarship Foundation.

Griffith J. Jones, director of music in the Shaker school system who has had much previous experience with the operetta made the selection, and Reynold Ellis, A Cappella instructor, is to direct.

The story concerns a misunderstanding in a romance between Dick Erns (Alan Miller-Warren Gressle), boatswain of the U. S. S. "Barnacle" and Kitty Adair (Marion Boyd-Carol Garden). They have been betrothed in their youth, but Dick does not recognize Kitty. This and two side romances between the bo'son's mate, Tom Tupper (John Bazeley) and Kitty's best friend, Dorothy (Helen Charpentier-Elsie Cook); and between another of Dick's crew, Tim Shannon and Mrs. Brown, Kitty's chaperon come to a climax at a party on the "Barnacle." Others appearing in the production are Sam Slippy, coxswain (Anthony Sgro-Marshall Stone) and Barbara (Helen Haas), another of Kitty's friends.

Drs. Garvin and Spenzer 'Bare' Facts on Clinic

Did you know that the Shaker Senior High School dispensary uses enough bandage in one year to reach from the school to Kinsman and Lee Roads?

Dr. Justin Garvin and Dr. Lorna Spenzer, the school physicians, have been doctoring Shaker pupils for nine years. Dr. Garvin is here only on Thursday mornings, while Dr. Spenzer is in the dispensary every morning between 9:00 and 9:15. Besides these periods, during which the doctors are in the building, there is always a nurse on call.

The main job of the two physicians is making a brief, yearly examination of every pupil and teacher. Added to this is the responsibility of inspecting all Shaker schools for lighting, seating, and anything else that might influence the health of the pupil. They must also take care of the daily emergency cases.

Klein, School "Money Keeper" Dubbed Shaker's Number One Forgotten Man

Every school has a Forgotten Man! Who is Shaker's? Our choice would be Jerome Klein, the school treasurer.

Nobody seems to realize what a difficult and thankless job being treasurer of the school really is. Our school has approximately forty different organizations and clubs. The larger ones are the Student Council, Athletic Association, Budget

Pictured above are Carol Garden (seated, center), who will play the feminine lead in Saturday night's performance of the "Bo'son's Bride"; and Dorothy Hart (standing), Unice Bissett (seated, left), and Charlotte Masters (seated, right), members of the chorus.

Junior Hi Students Want "Playlight Saving Time"

In a recent Student Council vote, the pupils of Shaker Junior High School expressed the desire of having school begin at 7:45 and end at 2:30 during the spring months.

In order to take effect, this measure must be approved by the faculty, the Board of Education, and the Parent Teachers Association.

Johnny Anson's Band to Play For Junior Prom on May 12

The Junior Prom will be held at Shaker High School on May 12. Johnny Anson and his spectacular band will provide the dance music.

Johnny and his boys have just returned from Florida where they played at the Hotel Whitman. The handsome drummer is considered an outstanding showman.

The bids are 90 cents. Even now plans are being made to accommodate a crowd.

Orchestra to Enter Contest

With student conductors Arthur Bazeley and Ted Bloomfield leading, the orchestra will enter a Greater Cleveland contest on April 29 at John Hay High School.

Student conductors are being used because bandleader Jack Evans will be in Columbus judging a state solo and ensemble contest.

Shaker's other instrumental group, the band, will present its spring concert on May 29.

Coming Events

April 21	Track Meet with Painesville, here.
April 22	Mansfield Relay at Mansfield.
April 26	Bedford-Maple Heights meet at Bedford.
April 26	Student Council elections.
April 28	Cleveland Heights Relay at Cleveland Heights.
April 28-9	8:00 P. M. Operetta, "Bo'son's Bride."
April 29	Orchestra contest at John Hay.
May 2	Track Meet with Lorain, here.
May 6	Salem Relays, here.
May 8	P. T. A. Meeting.
May 9	Track Meet with Struthers, here.
May 10	Curriculum Conference.
May 12	Junior Prom.

bourt.

Added Homework?

ESPECIALLY noteworthy among the suggestions offered at the curriculum conferences Dr. Loomis has been conducting recently, were those for the addition of courses in journalism, hygiene, driving, and public speaking to the school curriculum.

However for all our admiration for these and others of the ideas brought up we're keeping our fingers crossed wondering if these courses are to be just slapped on to our schedule as it stands now, and consequently cause a large increase in our homework.

The only way to avoid such a situation—and it seems only fair that it be avoided—is to decrease the present emphasis on the so-called fundamentals.

The issue then stands: are the courses worth such a sacrifice? We think they are.

Advertising, a Necessity

AMONG criticisms of the Shakerite, tabulated in a recent poll, was—"too much advertising." Although this might seem a justified statement in the eyes of students who are ignorant of the cost of printing any school newspaper, the editors of the Shakerite want to point out not only the necessity of having advertising in the paper, but also the necessity of giving these advertisers our deserved patronage.

A monthly issue of the Shakerite can not be published by the costs of subscriptions alone, especially a five-column issue containing one or more pictures. The cost of printing per issue is \$70. Of this amount \$25 is received from our advertisers. Because we need their continued support we ask your patronage. The fine work of the business staff can neither be maintained nor increased until we have this patronage. Advertising must continue to fill many of our columns until we receive the hundred per cent support of every Shaker student.

An Appeal

IN the last issue of the Shakerite, President Haskell Torrence made an appeal to the students. He asked that they more carefully abide by the rules and regulations set forth by their Student Council primarily for the efficient management of the sixth period.

Since that time, your reporter has been on an inspection tour to find if any improvement has been made. To his dismay he still found a small group of irresponsible people who cut activities and wander about the halls during the sixth period. The Shakerite would like to take this opportunity to appeal again to these few students that they mend their ways and adopt more school spirit.

Help a fellow student go to college and at the same time treat yourself to worthwhile and fine entertainment. Support the operetta next week end!

Superintendent

Cartoon by Franklin Morse

THRU THE KEYHOLE

By Sallie Baus and Ed Sinnott

Things we have seen in recent weeks:

Jim Watt taking a back seat while **Jane Gentholts** and **Kenny Seyfer** spend their vacations together . . . **Adele Stevenson, Marty Struggles** and **Alice Edmiston** down to see Shaker's most recent appendectomy case, **Phil Reynolds**, almost every day while he was convalescing . . . **Jack Turner** saying goodbye to **Barbara Brown** in the right manner when she went away for Easter . . . **Dot Sprague** and **Ben Gast** together at many recent functions . . . **Bobs Weinfurter** and **Roberts** looking for new girls . . . **Haskell Torrence** and **Helen Charpentier** getting excited over the hockey finals . . . **Ted Boynton** and **Priscilla Bennett** taking afternoon cruises in Ted's new car . . . **Warren Schmidt** with a different date every night of vacation . . . Shaker's sophomore Casanova, **Bob Adams**, over at Heights looking for new material . . .

Now some of the things we haven't seen:

Ann Boykin who is spending a few weeks in the back hills of Tennessee, vacationing . . . **Jerry Ensign, Jr., Robert Fleming Blair, Jr., and**

Robert S. Knight who took an 1800-mile journey through the eastern states, winding up at the Paradise Cafe on Times Square . . . **Bud Longo** with the look of love in his eyes over **Martha Small** . . . **Jim Sinclair** back to take up where **Bud** left off . . .

Items from our little black book: **Thalia Carter** would be dateless but for **Goody Leifer, Dave Crawford, Ward Tolan**, and an alumnus, **Bill Collins** . . . knowing that report cards are coming out soon, **Charles Carmany** wore western shoes with spurs to threaten teachers . . . **John Krum** looks lonesome in the aforementioned **Ann Boykin's** absence.

This column is inaugurating a new custom and from now on a bouquet of roses will go to the Shakerite who has done the most for Shaker's social life:

This edition's roses go to **Jean Allen**. "Congratulations, Jean," on winning the "Hockey Queen" contest.

Speaking of hockey: What does **Allen Lewis** find so interesting at the Lynfield gas station? Could it be **Jean Bletscher** who lives next door?

It has been rumored that University School got big Red, but we think **Jane Patterson** got him, leaving **Betty** to **Don Harvey**.

What's New

June Patterson and Jean Swan

Now that we have been back in school long enough to recover at least partially from the rigors of vacation, we'll tell you all about everything we were able to learn during this time.

There has been a great number of really good swing records put out in the last month and there are several of these which are "musts" for your collection. Another of B. Goodman's hookey players who has made good on his own is Harry James,

and his recording of "Two O'clock Jump" belongs in the above category. This is backed by "Tain't What You Do" which displays some very smooth trumpeting by Mr. Swing."

James. For you jitterbugs, the Raymond Scott Quintet has come out with one entitled "Dinner Music for a Pack of Hungry Cannibals" which is hot enough to satisfy the most exacting swing fan. Glen Gray's "Sunrise Serenade" is one of the best records this band has produced in a long time and deserves your approval.

Artie Shaw's "Begin the Beguine" has definitely proved its superiority. More copies of this record have been sold than any other record since the advent of electrical recording. By the way, don't forget to read Benny Goodman's book, "The Kingdom of Swing."

Spring?

What? Spring!—because a day is fair?

Because a brook is flowing?

Because a maple here and there

A flash of green is showing?

What? Spring!—because the frost has fled?

While iced ponds crack and splinter?

No, we only call it "Spring" because

It simply isn't winter!

—Written by Dan Ferris, Jr.

Brainchildren Orphaned in the Classroom

They were discussing the various Presidents of the United States. "And which President," questioned the teacher, "slept eleven hours a day?" "A day?" puzzled the student. "What did he do at night?"

Here's one, handed in by a senior on an art exam.

Question: "What difference do we find in the design of roofs in the north and in the south of Europe?"

Answer: "I don't see that it makes any difference. Probably the roofs in the north would be of heavier material to keep out the weather, and the roofs in the south would be of lighter material to let the climate in."

Education is truly a wonderful thing. For instance, how many of the girls knew (until that assembly the other day) that the putting on of war paint when out hunting for scalps was a custom handed down to us by the Indians?

Of course, some people expect too much of the education one receives in school. Did anyone notice the grievous letter printed in the Cleveland News which had been sent by a Shaker student who was not permitted to learn the Facts about Life in the Biology class?

Here's a game which we copped from the Saturday Evening Post. You're to identify: 1—An Athlete. 2—A School Grind. 3—A Popular Girl from the paragraphs given below:

- a. "Boy, did I get a workout last night!"
- b. "I'd better try it again or I'll never get through."
- c. "Gee, what a line!"

Answers:

- a. Popular Girl reporting the week-end to friends at 8:10 Monday morning.
- b. Conscientious hockey player wondering, during a practice, how to get the puck past the defense man in the next game.
- c. Grind studying geometry.

To—

If you were as handsome as Taylor

And had a car with a streamlined hood,

Do you think that would make any difference to me?

You bet your life it would!

Scholarship Fund Depleted, Torrence Asks Student Aid

For ten years the Miriam Kerruish Stage Scholarship Fund has aided worthy graduates of Shaker High School to secure college educations which otherwise they could not have had. By their fine records, these students have shown that the fund is an excellent thing. Indeed, such a praise-worthy institution must be kept functioning, and we students have no small part in this task.

The fund is supported by private gifts, by contributions from all Parent-Teacher organizations, and by receipts from the operetta presented in the spring by the A Capella Choir of the high school. This year, for "The Bo'sn's Bride," the Student Council is working hard to achieve one hundred percent student sales. It can be done, and it behoves every one of us citizens of Shaker High School to support all together such a valuable aid in our school life.

This year the Scholarship Fund is low and greater demands for contributions will be made. The thirty-five cents is not much, and the operetta will be good, but it is the idea behind everyone's contributing that counts. As a group, let's give the Scholarship Fund the support which it certainly needs and deserves by turning out a 100% student sales.

Haskell Torrence.

SIDELINE SLANTS

By Joe Bender

If and when the weather clears up and becomes warmer, Shaker ought to see a fine brand of tennis and golf. All of last year's regular golfers are returning again this season.

When golf gets under way each one of us should make it a point to see at least one of the team's matches. In the past few years Shaker has developed considerable talent along the golfing lines.

For example Sam Croubach, Bob Bingham, and Bill Ripley, went on to win honors in tournament play.

Possibly the present contingent of golfers of Dick Petrequin, Dave Morgan, Lloyd Thompson, John Hersey, and Ken Waterbury will repeat the tactics of their predecessors. We might as well see them now for nothing, for in the future they may command a large admission price.

Well known educators offer the suggestion that the young person of today should interest himself in the sports which he will be able to compete when age forces the participation into less exerting interests.

Tennis is one of these sports which one will find mentioned in this category. However, this does not mean that tennis is (by any means) an activity that takes the least amount of energy.

Our tennis team offers a fine chance to become interested in this sport. Undoubtedly this interest will grow. Fortunately the tennis team has a great drawing card in the person of GENERAL JOHN HARBOURT.

To see this gentleman bounding around the court is a rare treat. The quips that the General utters rivals those issued in the National Pastimes by Leo Durocher.

The Painesville High track team comes here tonight. Let us hope that Shaker allows the boys to retain their pain.

"We will take great pains to do this," Art Francis reports.

If the track team continues to win the meets in which three teams compete, it will begin to look like the eternal triangle.

Fencing Club Has \$250 Booth At Sports Show

If there is not going to be an Interschool Fencing League next year, it will not be the fault of Shaker's Fencing Club. In the club's campaign to form a league, one exhibition of fencing has been given at John Hay High School and two more are planned at Cleveland Heights and East Tech.

Perhaps the greatest achievement of the club is a \$250 booth at the Sports Show in the public auditorium. At this large booth exhibitions in the art of the foil and saber were given every evening last week by George Glass, Jim Graham, Rad Williams, Ken Telford, Chuck Norlin, Bob Olson, Willie Peck, Ray Farrell, Harold Rosen, Bob Jaster, Earl Traister, and Ed Peck. Equipment for the booth was provided by Professor William Sandoz and the Newman Stearn Company.

The club has a string of eight consecutive victories, winning five this season. The latest triumphs were those over Heights and Lincoln.

The girl's division consisting of Jimmie Savage, Ruth Joseph, and Elizabeth Pond has won four and tied one match.

Wrestling, Basketball, and Hockey Players Get Awards

Varsity letters were quietly handed out last week in wrestling, basketball, and hockey. Those who received hockey letters are Allen Lewis, Fred Brandt, Bud McCord, Dave Morgan, Bill Metzenbaum, Perry Narten, Tom Mooney, Fred Goldstein, Bob Harris, Jack Strome, Ed Bosco, Jim Connors, Ray Davis, John Vilas, Bob Netherton, Art Brockway, and Ed Collister.

Basketball letters were given to Clifford White, Jim Rogers, Joe Dula, Hans Zachman, Lloyd Thompson, Eugene Schwarz, Jack Dunbar, Chuck Anthony. Wrestling letters were given to Dick Fielding, Hank Lipuma, Vincent Dattilo, Anthony Darata, and Herman Tobin.

Tracksters to Meet Painesville On Shaker Oval This Afternoon

Shaker's Spring Tennis Schedule Set at Meeting

By Bob Winchell

"Beat Painesville!" This is the battle cry for Shaker's coming track meet with Painesville on Friday, April 21. The visitors will be out to give Shaker its first defeat of the season. With this in mind, Shaker track enthusiasts should be on deck to support the team in their third meet of the year.

Painesville, April 21, Shaker 3-30. Mansfield Relays, April 22, Mansfield 1:00.

Bedford-Maple Heights, April 26, Bedford 3:30.

Cleveland Heights Relays, April 28, Cleveland Heights, 3:00.

Lorain, May 2, Shaker 3:30.

Salem Relays, May 6, Salem 7:30.

Open, May 9, Shaker 3:30.

Lake Erie Meet, May 13, Cleveland Heights 1:00.

Shaw, May 16, Shaker.

District Meet, May 19-20, Thomas Edison.

Open, May 23.

State Meet, May 26-27.

Hill Top Meet, June 3, U.S.

In their first meet, the "Red Raiders" downed Cathedral Latin 58-51. In the Hall meet at the Arena on April 1, they came in second. With this in view, Shaker should look forward to another successful season.

The likeness of Coach Arthur (Barney) Francis at the top of this page was made by Ralph Rosenblum, a post graduate student in home-room 311.

The Shakerite Goes to a Club Meeting; Debaters Give Views on Current Events

Aspiring statesmen and politicians in the very early stages are the debaters of the Open Forum Club, which is sponsored by Mrs. Bishop.

After its president, John Harrison, had brought the gathering to order, and Secretary Lois Schwab had read the minutes, the election of the vice-president was held, the honor going to Jack Fitzgerald.

A spirited discussion of President Roosevelt's statement that America's frontiers of defense are in Europe soon got under way. Various interpretations of this statement were offered by Barbara Reese and Arnold Schwartz. A rather violent debate broke out between Jack Clawson Bill Grissinger, and Alvin Hamburg, which finally resulted in the election of Paul Ruth as sergeant-at-arms!

Shakerites at News Meet

Kent State University will be the scene of the High School Newspaper Convention on Saturday, April 22. Two members from the Shakerite Staff, Elinor Mullaney and Mary Ellen Sullivan will go to this convention to have the Shakerite criticised and to go to lectures and the banquet given for journalists in the evening.

JUNIOR PROM
Presents
JOHNNY ANSON
And His Orchestra
MAY 12

As Tommy Johns argued in favor of defense of the Philippines, Bob Brunner questioned the ability of the U. S. navy to do so. Frances Foley declared that the U. S. airforce is out-of-date because of the inefficiency of privately owned plane factories. Supporting Frances, Don Strachen suggested government operation of aviation factories, which brought out Merril Sands in opposition.

And now, the bell having rung, we left the debaters of the Open Forum Club to cultivate the art of argument.

355 in Conference Sanction Social Issues in Curriculum

That controversial social issues should have a place in the educational curriculum was decided by the groups of the Curriculum Conferences on March 22. The conference was held in the Junior High School to discuss the Educational Needs of a Democratic Society. Three hundred fifty-five people attended and they were divided into 20 groups which included 4 pupils, 5 or 6 parents, and 8 teachers. Records of the discussions of the evening were submitted by the 20 group secretaries and were combined to make a composite summary.

An answer could not be reached as to what grade level these controversial social issues should be discussed. There was much indecision as to whether or not the schools should seek to develop a preference for democracy. The majority thought, however, that a preference for democracy as a way of life should be sought.

Profs Offer Ideas Of Perfect Pupil

Ideal Student Thoughtful, Cooperative, and Alert

For the enlightenment of readers, The Shakerite has asked representative teachers to define their would-be delight, the perfect pupil.

Mrs. Marlowe's immediate reaction was, "Wait until I find one!" When she discovered that her reply was to be published in the Shakerite to provide our blessed subscribers with reading material, she answered, "Someone with originality."

Mr. Troyan favored the characteristic of being considerate of others.

Mrs. Gunn evasively denied his existence and then emphatically declared, "A perfect pupil would bore me."

Miss Sellers defined a perfect pupil as one whose enthusiasm for the subject induces him to do more than the assigned work.

Mr. Harcourt maintained, "A perfect pupil would understand Transcendentalism, Romanticism, and Realism in literature." He refused to qualify his definition.

Miss Anderson's ideal student would be intellectually curious, thoughtful of others, and above all, a normal individual with a sense of humor.

Mr. Starr, probably after observing the Shakerite staff at work, called the perfect pupil a creature of mythology.

Sports Writers Attend Press Conference; Stage League Holds Personality Study

Representing the Shakerite Sports' Staff at the Greater Cleveland Sports meeting on April 13 were Joe Bender, Bob Brunner, and Bob Winchell. At the meeting, which was held at the Press newspaper office, information and pictures were exchanged, as well as criticism of sport pages.

In order to gain practice in the use of the language, Esperanto, the members of the Esperanto Club began on April 18 to send letters to all the countries of the world except the fascist ones.

One of the needs of the Radio Club in order to complete the much discussed short wave system is a radio receiver. Martin LoSchiavo is a new member of the club.

For the remainder of the year the Miriam Stage League will be divided into five committees, each of which will select some subject related to the development of personality and present it to the whole club either in the form of a panel discussion or through an outside speaker. The following committee evolved those plans: Sally Alcorn, chairman, Doris Albun, Jean Tahres, Sally Baus and Patsy Komlos.

On April 14, the club gave a tea for the new 10B members. The juniors acted as hostesses while Mrs.

Gunn and Miss Hollon poured tea. The committee for arrangements consisted of Doris Albun, chairman; Jane Genthols, Phyllis Smith and Barbara Lou Harrison.

Dorothy Colman and Jane Hall will review "A Good Home with Nice People," and "Sword in the Stone," for the Book Club on April 18. Scheduled for next month are Jean Yahres "Leonardo de Vinci," Nancy Weaver "Trumpets in the Dusk," and Molly White "Splendid Living."

Scandinavian Exchange Might Replace Former German Trip

A Scandinavian-American student exchange has been proposed for this year to replace the former German exchange. Though this is only a suggestion, there will most likely be no German-American exchange due to the unsettled conditions in Europe and the constant threat of war.
